

JIGSAW PUZZL TABLE

Jigsaw Puzzl tables, with their unique concave/convex shape, figuratively “snap” together to effortlessly transform room layouts. The puzzle-piece shape works well alone, in rows, or grouped together — offering flexibility for creating an infinite number of individual or group arrangements with an interesting look.

Worksurfaces and legs come in a variety of colors. When paired with chairs, they can create a colorful and fun learning environment.

FEATURES

- Puzzle shape creates a unique aesthetic
- Use in rows or groupings
- Overall Size: 36" x 27"
- 1.25" thick worksurface with HPL laminate, balancing-backer sheet, and 3MM edge
- Metal-to-metal connection from leg to worksurface for easy installation and a strong hold
- MAS® Certified Green
- Limited lifetime warranty
- Made in the USA

OPTIONS

- Laminate or whiteboard worksurface
- Glides or casters
- Fixed 29" H worksurface, or optional easy push-pin height adjustment from 24"–34" or 26"–35"
- Numerous color options (to view, visit the Resources Section at interiorconcepts.com)
